Commissioner for Patents
PO Box 1450

Sir:

In accordance with a discussion with the Examiner on January 17, 2008, the Examiner indicated that the instant application was in condition for allowance, but that the phrase "information storage medium" should be replaced with "computer readable medium." As the change would not be understood by one of ordinary skill in the art as narrowing the scope of the invention and since it is believed both phrases are supported by the specification as would be understood by one of ordinary skill in the art, applicants authorized the amendment to be made by the Examiner on January 22, 2008 to expedite allowance.

Respectfully submitted,

STEIN, MCEWEN & BUI, LLP
